REPORT OF SUPERINTENDENT OF SCHOOLS

To the Superintending Citizens and other Citizens of the Town of Moscow:

I am glad to submit this report on the condition of our schools. While, in general, most people in the town are aware of the fine work being done, it is well to remind ourselves again that Moscow is indeed fortunate to have such good schools with so dependable and conscientious a teaching staff. They all realize the needs of the pupils under their control and are well trained and qualified to cope with whatever problems that arise. Such teachers are a pleasure to supervise. To my mind, our greatest progress in the educational field during the past few years has been the conveying of the seventh and eighth grade pupils from the Lincoln to the Washington Schools. This enables the teacher in the Lincoln School to devote her entire time to the first six grades and gives the upper grade pupils at the Washington School much better preparation for their high school course. It would be to the advantage of the students at the Roosevelt School if they might also attend the Wyman Dam School for the last two years of their elementary course. It is only reasonable that with all the grades from the sub-primary to the eighth, the teacher is hard pressed for time.

Our new music supervisor is continuing the splendid work begun by Mrs. Cooper. It is indeed surprising what has been accomplished in the two and a half years that we have had music. The operetta given last spring is fairly well indicative of what is being done. I am particularly well pleased with the two part work at the Washington School.

Quite a bit of money has been spent on repair of dental difficulties among the children. This has been accomplished in part by your memberships in the Red Cross.

Our high school students are doing very well at the Bingham High School. Their progress shows that the foundation laid in our local elementary schools was firm. The number of students is smaller this year than for several years and does not promise to increase for a few years.

Extensive repairs were made on the interior of the Lincoln School—new paint and paper accounted for the greatest improvement. This is really a fine looking room now. A new heater was provided at the Roosevelt School since the old one was unsafe for the cold winter months.

I should like to emphasize again the importance of regular school attendance. For the most part we do not have to think about this phase of school work. Each day a child loses is a day lost that cannot be made up even though the work is completed.

My contacts with town officials continue to be pleasant. This is another pleasure to your superintendent of schools. I want to thank them at this time. Particularly do I thank my Superintending School Committee, teachers and children for the very positive co-operation which they have extended me.

Respectfully submitted,

HOWARD L. BOWEN

PRESERVE THIS REPORT

A sufficient number of these reports have been printed to furnish every interested citizen with a copy. An effort has been made to get them into the hands of the voters in advance. It should be borne in mind that if copies are left at home there may not be a sufficient number at the hall to go around on Town Meeting day. This year, or any year, it is desirable for you to have a copy of the annual report as soon as issued. It is also important for you to preserve it and bring it with you on Town Meeting day morning.

To the Superintending School Committee and other Citizens of the town of Moscow:

I take pleasure in presenting my annual report on our schools.

Teachers

There has been one change in our regular teaching staff since last year. Mrs. Alice Hall after several years of faithful and efficient service reigned in the spring and Miss Kathleen Comber a recent graduate of Farmington State Normal was employed to fill the vacancy. Miss Comber proved a fortunate choice and is doing a fine piece of work in the school. Miss Elizabeth Hagar, our music supervisor, also resigned to accept a much better position professionally and financially and Miss Gail Cowan a graduate of the New England Conservatory of Music was secured for this position. All the teachers are doing fine work in their schools as has been true for so long.

HIGH SCHOOL STUDENTS

The number of students from Moscow at Bingham high school has materially reduced during the past few years which makes our tuition costs much lower. This condition will continue for the next few years, after which, there will be a larger number again. The greater part of these boys and girls are doing very fine work and in no case are there repeaters from this town.

GRADES

The way we have our schools arranged in this town has aroused very favorable comment by outside people who have known about the arrangement. With the first six grades only at the Lincoln and Roosevelt schools, and with the first four at the Washington Primary and all the seventh and eight in town together with the fifth and sixth from the Wyman Dam district in the Washington Grammar School, not only is the congestion in the Roosevelt and Lincoln Schools taken care of but the educational advantage is great. It is a difficult task for the

teacher to prepare all her children for the next grade and this becomes more difficult if the teacher has all eight grade and the sub-primary in one room. I feel that the advantage that the seventh and eight grades have with the large amount of time that now may be spent upon them makes them more successful in their high school work; the lower grades are better prepared for their succeeding work and, besides, in my opinion, older children need to come in contact with a man teacher sometime during their elementary years. The schools are all very large every desk is occupied in both the Roosevelt and the Lincoln Schools.

REPAIRS

The Roosevelt School was painted on the outside and the interior redecorated during the past summer. The only contemplated repair work this coming year is painting the Lincoln School building and the procurement of screen for the buildings where needed.

Our State School Fund has been lowered considerably during the past decade. According to state law, we should receive \$3.00 for each child between the ages of five and twenty-one; \$100.00 for each teacher employed full time and one-half cent a day for each day a child is present at school. The past few years, the per day attendance has been entirely eliminated and we received only \$1.65 a child on the census list. There is a bill before the present State Legislature to see that these amounts are restored. From our earliest days we have realized the importance of equality and democracy in education and while our town is not particularly affected by the decrease in state income, towns in nearby district are unable to maintain even a minimum program of education and unless something is done to "freeze" this state aid so that they will be sure of some help in carrying their burdensome load, then all education will suffer and this education is the foundation of our democracy.

In closing this report, I, again want to thank my school board for their kind advice and hearty co-operation; other town officials with whom I have come in contact for their unfailing courtesy, and teachers, parents and children for their hard work and their attention to duty.

Respectfully submitted,

HOWARD L. Bowen

State of Maine

County of Somerset, ss:

TTTo Mr. Roy Stoddard in the town of Moscow, in said County:

GREETINGS:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the said town of Moscow, qualified by law to vote in town affairs, to assemble at Washington schoolhouse, so called, in said town of Moscow, on Monday the Third day of March, A. D. 1941, at Ten O'clock in the forenoon, to act on the following articles, to wit:

Art. 1 To choose a moderator to preside over said meeting.

Art. 2 To see if the Town will vote to accept the report of the municipal officers as printed.

Art. 3 To choose a Town Clerk for the ensuing year.

Art. 4 To choose Selectmen , Assessors and Overseers of the poor for the ensuing year.

Art. 5 To choose a Treasurer for the ensuing year.

Art. 6 To choose a Tax Collector for the ensuing year and fix compensations for the ensuing year, and pass all necessary votes respecting same.

Art. 7 To choose a Road Commissioner for the ensuing year.

Art. 8 To choose a member of the Sshool Committee to serve three years.

Art. 9 To choose a Fire Ward and fix his compenation.

Art. 10 To choose a Constable, and all other officers required by law to be chosen at this meeting.

PRESERVE THIS REPORT

A sufficient number of these reports have been printed to furnish every interested citizen with a copy. An effort has been made to get them into the hands of the voters in advance. It should be borne in mind that if copies are left at home there may not be a sufficient number at the hall to go around on Town Meeting day. This year, or any year, it is desirable for you to have a copy of the annual report as soon as issued. It is also important for you to preserve it and bring it with you on Town Meeting day morning.

Report of the Superintendent of Schools

To the Superintending School Committee and other Citizens of the Town of Moscow:

For the sake of economy both as regards paper and cost of printing, I shall make my report this year very brief.

Several changes have been made in the teaching staff this year. In the spring, Mr. Richard N. Hall after several years of faithful and efficient service resigned and Mr. Herman A. Woodworth was secured to fill this vacancy, and at Christmas, Mrs. Kenney asked for a leave of absence, possibly a permanent one and Mrs. Dorothy C. Giberson was chosen for this school. Both these teachers are excellent ones, I believe. Mr. Woodworth is a graduate of Washington State Normal School with experience and Mrs. Giberson is a Farmington graduate with two year's successful experience. The two remaining teachers are continuing their very excellent work of the past years.

The schools are large. Mrs. Beane has a particularly hard school as far as numbers are concerned and the Washington Schools are the largest in several years. The Roosevelt School is smaller than for the past few years.

A change was made in the English course this past fall as the basal system in that study had been used for a number of years and most of the books were in poor condition. Social science for Grades five and six have also been changed. We now have a unified course in that subject and it seems to be very satisfactory.

The Lincoln School was painted on the outside last summer which constituted our greatest repair expense. Nothing else of a major project was attempted.

I feel it would be remiss on my part not mention the prospective loss to the Superintending School Committee of Mr. Beane. He has been a splendid board member and has constantly worked for the best interests of our schools. Regarding the loss of Mrs. Berry both to our board and to our town, words cannot express my sorrow. It is unnecessary for me to say for you all know how much she meant to us all as a citizen, as one of our finest teachers, and for her work as a member of the school board. I particularly miss her as a friend both personal and as a friend of education. My deepest gratitude goes out to both these fine people.

We are closing our year with a balance. Some adjustments must be made in our salaries next year if we are to continue to hold our teachers, I feel.

I am most appreciative of the splendid cooperation I have received from all town officials this year as well as other citizens in the town. I thank you all. I welcome constructive criticism at all times.

Respectfully submitted,

HOWARD L. BOWEN

PRESERVE THIS REPORT

A sufficient number of these reports have been printed to furnish every interested citizen with a copy. An effort has been made to get them into the hands of the voters in advance. It should be borne in mind that if copies are left at home there may not be a sufficient number at the hall to go around on Town Meeting day. This year, or any year, it is desirable for you to have a copy of the annual report as soon as issued. It is also important for you to preserve it and bring it with you on Town Meeting day morning.
